per 2-day course

IMPLANT EDUCATORS

Course Director

Rick Ferguson DMD

Dr. Rick Ferguson lectures throughout the world on a variety of implant surgery and restorative topics. He is a clinical assistant professor at the University of Florida and the director of Implant Educators which runs a comprehensive course teaching general dentists and specialists how to become implantologists. Dr. Ferguson is a Diplomate of the ICOI, an Associate Fellow of the AAID and a visiting lecturer at the University of Miami. Dr. Ferguson has taught implant dentistry and hands-on bone grafting courses which have been attended by thousands of dentists over the last 15 years. He is currently in private practice in Davie, Florida.

Course Co-director

Robert Walinchus DMD

Dr. Walinchus is a hospital dentist who practices all forms of general dentistry with a strong emphasis on dental implants. His guidance and techniques have helped many dentists get started and advance rapidly in implant dentistry. Dr. Walinchus is an expert in CT Scanning/Computer Guided Surgery which is the cutting edge of implant dentistry today.

Restored Implants

Single-tooth Implant Surgery and Restoration

How to add implant dentistry to your practice

You already practice other phases of dentistry, why not Implants? With our help you will be able to add implant surgery and restoration to your everyday office procedures. You will increase your income quickly and substantially by learning the techniques presented in this 2 day seminar. You will leave more confident and capable than you previously believed possible, knowing which cases to do and which to refer. Our step-by-step training can be put to use right away. Our past participants have recession-proofed their practices with skills they have learned through Implant Educators.

Restored implants
