# IMPLANT EDUCATORS ACADEMY<sup>TM</sup>

## Dr. Rick Ferguson

Dr. Rick Ferguson lectures throughout the world on a variety of implant surgery and restorative topics. He is the Director of Implant Educators Academy which runs a six month program teaching general dentists and specialists how to become implantologists. Dr. Ferguson is a Diplomate of the American Board of Oral Implantology, DABOI, DICOI, and Associate Fellow of the AAID, clinical assistant professor at the University of Florida and a visiting lecturer at the University of Miami. Dr. Ferguson has taught implant dentistry and hands-on bone grafting courses which have been attended by thousands of dentists over the last 20 years. He is currently in private practice in Davie, Florida.

## Dr. Rajiv Kalra

Dr. Rajiv Kalra received his DMD from the University of Florida and currently operates a private dental practice in Tampa, Florida. He is a Clinic Instructor of Implant Educators Academy six-month continuing education program at the University of Florida focused on implantology and digital dentistry for general dentists. His office is known for its cutting-edge techniques and outstanding patient care. He leverages advanced technology to continually redefine the possibilities within dentistry. Dr. Kalra's true passion is teaching streamlined methods for using CAD/CAM software and 3D printing—making dentistry more comfortable for patients, while also more efficient, profitable, and accessible for fellow dentists.

# Single-Tooth Implant Surgery and Restoration

How to add implant dentistry  
to your practice

You already practice other phases of dentistry, why not Implants? With our help you will be able to add implant surgery and restoration to your everyday office procedures. You will increase your income quickly and substantially by learning the techniques presented in this 2 day seminar. You will leave more confident and capable than you previously believed possible, knowing which cases to do and which to refer. Our step-by-step training can be put to use right away. Our past participants have recession-proofed their practices with skills they have learned through Implant Educators Academy.
