Register early as this course will fill up due to the live patient experience !

# Comprehensive Interdisciplinary Implant Continuum

## Course Directors

### Rick Ferguson DMD, DABOI

Dr. Rick Ferguson lectures throughout the world on a variety of implant surgery and restorative topics. He is the Co-Director and Co-Founder of Implant Educators which runs a six month program teaching general dentists and specialists how to become implantologists. Dr. Ferguson is a Diplomate of the ICOI, ABOI an Associate Fellow of the AAID, clinical assistant professor at the University of Florida and has served as a visiting lecturer at the University of Miami. Dr. Ferguson has taught implant dentistry and hands-on bone grafting courses which have been attended by thousands of dentists over the last 18 years. He maintains a private practice with his wife, Dr. Katherine Ferguson.

### Katherine Ferguson DMD, DABOI

Dr. Katherine Ferguson is a Diplomate of the ICOI, ABOI, Fellow AAID and a Fellow of the Academy of General Dentistry. She is a clinical assistant professor at The University of Florida, a Clinical Advisor/Lecturer for University of British Columbia, and has served as a visiting lecturer at the University of Miami. Dr. Ferguson served a tour of duty as a dentist in the U.S. Army at Ft. Benning Georgia and was a Co-Director for an implant training course in Dallas, TX. She is the Co-Founder and Co-Director of Implant Educators and maintains a private practice with her husband, Dr. Rick Ferguson.

### Clinical Instructor - Reinol Gonzalez DMD

Dr. Reinol Gonzalez earned his BS in Biomedical Engineering from Tulane and his DMD from the University of Florida. He is at the leading edge of dental technology when it comes to implants, orthodontics, and restorative dentistry. He enjoys educating Dentists across the country in all of these advances in dental care. He maintains a private practice with his wife, Dr. Martha Iglesias.

### Clinical Instructor - Shovon Kasem DMD

Dr. Shovon Kasem earned his DMD from the University of Florida in 2013. He owns a private practice in Clermont, Florida, that is renowned for the state-of-the-art digital dentistry and remarkable patient experience. Through modern technology and practice management techniques, he constantly pushes the limits of what is possible in the fields of implant dentistry, cosmetics, orthodontics, full mouth rehabilitation, and laser dentistry. His passion lies in teaching simplified ways to use 3D printing and milling to make dentistry more enjoyable for the patient, and more profitable and easier to learn for the doctor.

### Clinical Instructor - Michael Caputo DMD

Dr. Michael Caputo attended University of Maryland, where he received his Doctorate of Dental Surgery. As an alumnus of Implant Educators Academy, he is passionate about implementing his acquired knowledge of this modern dental technology in his patients' care. He believes that by performing dental procedures in a comfortable and efficient manner, he can support his patients' confident smiles for a lifetime. Dr. Caputo has a private practice in New Port Richey, FL where he is dedicated to compassionate dentistry and optimizing his patients' oral health by staying up to date with the latest innovations in dentistry.

## Course Description and Expectations

Learn to predictably treat your patients using dental implants. You will be encouraged to bring cases for review and you will benefit from one-on-one treatment planning. Our instructors will guide you in your acquisition of the knowledge and confidence to treat your own cases from start to finish. You will learn to use CT guided surgical techniques, participate in hands-on model workshops and observe and place implants in live surgeries. Upon completion of this course you will understand why, when, and how patients can benefit from dental implant treatment as well as how to incorporate implant treatment into your practice.

Participants will be expected to demonstrate competency on all hands-on exercises, quizzes, and evidence based reading assignments on current literature of each topic. Each participant will bring cases for treatment planning and review. Live surgeries will be observed or assisted at each session. Observation and assistance in live surgeries are required; dates will be announced at the first session. Attendees should also bring a laptop computer for CT guided software training.

**Hands-on Dental  
Implant Labs**

**Participate in  
Surgeries with  
Live Patients**

**Treatment Plan  
Your Own Cases**

*Single-tooth Replacement*

## Course Schedule & Speakers

### Live Surgery Dates

September 20, 2024  
October 18, 2024  
December 13, 2024  
January 10, 2025  
February 21, 2025  
March 28, 2025

September 21-22 2023

Rick Ferguson DMD, DABOI

Introduction to implants, socket grafting and diagnosis with step-by-step hands-on implant placement, uncover and loading protocols.

Katherine Ferguson DMD, DABOI

Soft tissue management, flap design and suture techniques to minimize complications.

October 19, 2024

Rick Ferguson DMD, DABOI

Ridge augmentation and guided bone regeneration techniques including: tenting, splitting, and spreading with hands-on workshop.

Michael R. Ragan, DMD, JD, LLM

Are my records up to current guidelines?  
Tips on managing patient files to minimize liability exposure.

October 20, 2024

Michael Scherer DMD

Current concepts in fixed and removable implant prosthetics, including treatment planning and scheduling with hands-on prosthetic workshops

December 14, 2024

Mitra Sadrameli DMD, MS

Radiographic diagnosis for dental implantology. Critical principles, identification of anatomy and pathology with a focus on cone beam CT.

December 15, 2024

Rick Ferguson DMD, DABOI

Use of CT scans in implant therapy / treatment planning to minimize risks with hands-on CT software training, records acquisition, manipulation and the digital case presentation.

Software *provided* during hands-on.

*Guided Bone Regeneration with Tenting*

## Course Schedule & Speakers

In addition to the surgery you will perform you may also assist and/or observe 6 dates of Patient Live Surgery. Each date has an average of 6 surgeries scheduled with Treatment Planning, CT Scans, and Guided Surgery.

**January 11, 2025**

**Dwayne Karateew DMD**  
Diagnosis and Treatment of Peri-Implant Mucocitis and Peri-Implantitis as well as the Long-term Maintenance of Dental Implants.

**Avi Schetritt DMD**

Soft tissue grafting to enhance esthetics with hands-on goat jaw workshop.

**January 12, 2025**

**James Rutkowski DMD**

Pharmacology, pain management, the medically compromised patient and growth factors. Protocols to decrease surgical and post-operative complications.

**February 22, 2025**

**Rick Ferguson DMD, DABOI**  
All-On-X, full arch reconstruction with immediate load and denture conversions including hands-on denture conversion workshop.  
Sinus graft techniques, Lateral window and Crestal/Internal lift protocols with hands-on sinus graft workshop.

**February 23, 2025**

**Rick Ferguson DMD, DABOI**

Immediate extraction/load considerations and implant placement in the esthetic zone. Management and prevention of surgical and prosthetic complications.

**March 29, 2025**

**Aldo Leopardi BDS, DDS, MS**

Advanced implant prosthetics and management of prosthetic complications.

**March 30, 2025**

**John Barksdale DDS**

Occlusal concepts for dental implants and partial extraction therapy, immediate dentoalveolar restoration and the dual zone therapeutic concept with a hands on workshop.

*All on 5 Fixed Hybrid*

# Testimonials

"I just wanted to say your "all on X" technique BLEW..... MY MIND! I just finished the surgery with the denture based pin guide and the pilot guide you helped me with. It was the EASIEST surgery of this kind that I've ever done. The workflow was fantastic. Six implants placed, arch flapped, bone reduced, patient sutured up, soft relined in denture....2 hours later its all complete. That was the most bone I've ever had to level.

I feel as though I've been working with outdated techniques and this course has gotten me up to date. Now I just have to keep learning and implementing these techniques".

—Kaveh Ghaboussi DMD  
Madison WI

"My accountant and I met this week in prep for tax season. Since I started with the Implant Educators group my office has morphed BIG TIME." THANK YOU!!!!

— Peter Drews DDS  
Lewiston, ME.

"Thanks to taking your course, I have placed approximately 30-35 implants and I am enjoying the restorative options implants offer my patients."

— Dr. William J. Kinzler DDS, MAGD, FICOI  
Seminole, FL

"Just wanted to say thank you for a great course. Yesterday I did an extraction and an immediate implant on tooth #8. This morning I did my first guided surgery case. It went perfectly! Tomorrow, I'm taking an impression for 5 implants on another patient. Just wanted to say thanks again."

— Josh Bernstein DDS  
San Francisco, CA

"Dr. Ferguson and his team are always available to help when we need it. They have made it possible for me to incorporate implants into my practice in a big way..."

— L. Craig Alford DMD  
Charleston, SC

"I wanted to thank you for the excellent course you provided for us. I do surgery daily and still brought home with me very important pearls to put into practice. The level of this course is what has kept me following IMPLANT EDUCATORS for years.

—Juan Savelli DMD,MSD.  
Stuart, FL
